

Notes from Kelly and Caryn meeting – 11.20.19

They are trying to get 15-20 people to sign up for their workshop. They have a face book page and event page. They also have a page on the website explaining the project. They have an event bright sign up for the 2 session workshops for people 10years and up. They have someone signed up already!

Their questions: what do they need to put into their invoice for their 3rd payment.

Mandy is going to send the oral history questions to everyone to use.

KT wants to put together a sales pitch for what we are doing. How much we are saving on infrastructure, we are putting money into the city public art and yields so much for the city income.

We thought the meeting with Porter went well and we are looking forward to progress on Mona's project. There are several ways to create the benches to be ADA accessible. Be the squeaky wheel about reminding Porter and Jessica about them looking to see what is the best option for the location for the bench. Mandy is checking in with them mid-December.

Lane is doing a facilitator blog announcement of extension for the youth corps. Alex will also do an LAC blog about the extension of the youth corps application deadline.

Hang 12 peeps – LCAC help?

Alex will upload the oral history from Marty to Google drive and then share it with Jarrod. How can we do the written transcriptions?

Give the front desk or Jennifer the boundaries of East Lawrence. Do you live in East Lawrence check box on the applications? Need to work this out.
