

East Lawrence Mapping Activity

What are your routes?

To work, to school, to a friend's house, to walk your baby for a nap, etc

What are the places of significance to you, to your life?

Where have you lived?

Where is your favorite tree?

Where is your favorite house

Favorite place to sit?

Where are locations of particularly significant memories? – births, deaths, marriages, break ups, etc?

What are the natural communities within these boundaries?

Where are the squirrels, mushrooms, birds, etc.

Think of non-physical experiences in this space. Are there places of smells, sounds, lighting, feeling, etc?

Where is art in the neighborhood already?

Where should art go?
