

Notes 9th street 9.4.2019

Richard notes – We will review during this meeting. We are cool with the timeline. Wants to start outreach presentations now. Mandy is going to do the application to have ready for him as soon as possible.

Alex went to Marlo's screenplay read through. Went really great and had a nice turnout. Marlo is collecting wishes and will also collect them at the 150th party.

Oral histories for residents at the 150th party, but Watkins are collecting them during the event. We don't need our residents to come to the event to do that. But we want to set up a time for our resident specialists to come to the library to record the histories. Goal is to set the date of the recording before the event and then do the recording after. Nick Carswell will assist and also wants to do a group recording for all 5 residents at Audio Reader. Lane is working on this. KT should talk about her whole knowledge of East Lawrence too. And the team should record their experiences too.

We want to do a press release on the 1-year anniversary of the project. Photos would be great and progress on projects. Things that people can see and participate.

Assistants – Alex needs to remind assistants about signed contracts. Mandy sent reminder to Kaitlin about Artist Info form.

Artist meeting- November 13th

Mona? We are all going to her show in KC on October 4th.

Next meeting we will meet at library at 6 and walk over to LCAC meeting at 7.
