

Notes from 9th street meeting 8.14.19

We met with Richard Renner about leading Youth Corps group. Richard likes the idea of presenting to art classes and then the whole class can apply to do the youth corps project.

Marie Bower is an art teacher at Central. KT and Lane think that a strong preference for East Lawrence kids, underrepresented groups, minorities etc.

Richard wants us to nail down what the outcome will be. Then we can create the application from there. Teachers and counselors would be able to direct us to kids who would need something like this. We will need "adult mentors" to apply with any group who applies for the corps. Foster mom and nurse Sarah Rooney could help us find some kids.

We want to get the word out about this Sept-Oct. Applications due by November then the projects will be chosen. Then the projects would be done in the 2nd semester of the school year.

We think that we can it can be an individual and a group. Split it up. Richard would head up the group, but the team will focus on the admin stuff.

We need to simplify what we want for this project so people can understand what we are trying to do.

Resident Specialists meeting. The point of the meeting is to talk about recorders, oral histories or any artist communications. We need to connect with them and give them some momentum. Wednesday August 28th 6-8pm Crystal's Spot.
