

9th street Notes 9.25.19

Kaitlin Stanley is here to say hi because she wasn't at the last meeting.

Youth Corps application review – We are looking through the language of the application to make sure it is readable by the youth. We talked through what the youth corps is to Kaitlin. Richard is going out to LAC, Girls Rock, public schools, sunrise project, and library – teen zone event to recruit. Richard is going to do an outreach email after we approve the application. Wants to do 10-15 outreach events.

Kaitlin wants to connect with the projects. Even if there aren't connections between the 5 and the existing projects, we will have a pool of interested kids. Giving Kaitlin the email list for our contacts for our youth corps.
