

Ninth Street Notes – 12.4.19

Nick Carswell – wants to have his event at the LAC – some complications. We cannot really turn the black box into a gallery for him to have open for two days. Not feasible at LAC- Alex set up a meeting with Nick and maybe we can talk through it. I bet he needs sound equipment in his space. Who is going to staff the 3 days of the performance? Possible spaces: space next to repetition coffee, 920 Pennsylvania house concert places (Mick is a sound guy), basement of St. Luke AME, vacant space next to Hoopla. Ask Nick to meet next meeting with the whole group on the 18th or with Mandy and me.

First application for Youth Corps came in. I have not looked at it yet. October Davis is the adult sponsor. Alex met with Jahnava Sibilia today and talked logistics with them. They will submit the application. Mandy is going to have Richard email people to remind them about the deadline, plus Paul DeGeorge. KT is going to remind Milo Bitters about the grant.

Assistant payments are actually going to be in February, not December. Alex will do check requests for Misti and Naz in December because she told them that the payments will happen in February.

Kent & Mike want different language for the description of their survey.

Mandy is going to email Porter to remind him about his part in Mona's project. Alex email Nick about meeting with the team.
