

The voice of kids and teens is important to the **Rebuilding E.9th Art Project** and the East Lawrence Neighborhood. Your unique imaginations and perspectives are magical and valuable. You can make art individually, as part of a group, or through your school, if you are chosen as a **“Youth Corps”** artist. Youth Corps will be chosen by the Project Team. We encourage applicants with roots in East Lawrence. If you can’t decide on an adult to support your project by helping with paperwork and depositing checks, we can help you. **Mentors** are available to youth who need help with the application process, ideas, planning the budget, or any aspect of your project. Contact the Richard Renner or the Project Team for help. You can find their emails, phone numbers and meeting times below.

The goal of the Youth Corps is to support young artists in Lawrence in learning and creating, providing life skills and public art experience to carry into adulthood. Five projects will be chosen. Each project must connect with an adult to support with project guidance, money, and the **final report**. Projects can be **permanent, temporary, event based**, and any **medium**. Projects must be **public**, in a place where people can see or experience them. We are especially interested in projects and artists who are committed to their community and will give their creative energy toward art with a little extra thought!

**The Project Team is available to help and applicants at all levels and all mediums should apply and will be provided necessary assistance.**

This effort is committed to attracting creative young folks from **diverse** artistic and cultural backgrounds. We encourage all creative young people to apply regardless of race, color, creed, religion, national origin, ethnicity, gender, gender identity, sexual orientation, or disability. **Los candidatos hablantes españolas pueden acceder a traducción y aplicación de la ayuda en el Centro Hispano, 204 W 13th St, Lawrence, KS 66044. 785-843-2039.**

**Important dates:**

- **December 8: Applications due**
- **December 15: Projects selected**
- **May 1, 2020: Projects completed**
- **June 10, 2020: Final report**

**Project Description** - Tell us what you want to do. Include drawings, stories, or anything that would help someone understand your idea. Use extra pages, if needed.

**Project Budget** – A budget is a list of **expenses** and **income** for your project. Think about this and be as complete as you can. You can use the budget example we have provided to get started. Fill it out here or attach on a different page. Budgets include **income** and **expenses**.

Income- Money or donated materials/services that you receive for the project. If you receive a donated material or service, list its price (even if you didn't pay for it) as income.

Expense- Money that you spend on the project.

The total or sum is the cost of your project.

Here's the tricky part. The total or sum for the income must match the total or sum of the expense! Look at the example budget and ask your adult support person to help you write your own.
